May 1, 2020

WJUSD Community,

WJUSD Schools to Remain Physically Closed Through the End of Summer School

As you may be aware, Yolo County extended the countywide health order for residents to shelter in place through May 31st. With this information and in consultation with the other county districts, WJUSD has extended its school closures through summer school on July 13, 2020. Much of our energy continues to focus on keeping staff and students safe by providing distance learning opportunities while at the same time supporting efforts to flatten the curve related to the spread of COVID-19.

Thank you for your continued patience during these unprecedented times. Although today seems like a setback on the road to recovery, physical distancing remains the best strategy to achieve the collective goal of protecting our community. I continue to encourage everyone to stay in place, maintain your space, and cover your face.

It is also important to note that we will continue to provide grab-n-go meals, at ten locations throughout our community, during the length of our school closures.

The WJUSD teachers have hit the mark of distance learning and continue to refine their efforts. Our classified staff continues to serve our community by providing grab-n-go breakfast and lunch packs. And, our high school staff have begun to prepare for the virtual end of the year activities.

We will get through this and please know that the students and staff have the unwavering support of our Board of Trustees and myself as we look to the end of the year activities, summer school, and beyond.

Sincerely,

Tom Pritchard
WJUSD Superintendent
