Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

- Schoolwide Program
- Additional Targeted Support and Improvement
- English Learners and Students with Disabilities

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The School-Wide Plan meets the ESSA requirements through:
A comprehensive needs assessment of the entire schools that includes information on the academic achievement of students in relation to the challenging state academic standards, particularly the needs of those students who are failing, or are at risk of failing, to meet the challenging state academic standards.
The school-wide plan was developed to support the needs of the students in the school as identified through the comprehensive needs assessment. These include:
strategies that the school is implementing to address the school needs by providing opportunities for all students to meet the challenging state academic standards
the use of methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, programs, activities, and courses necessary to provide a well-rounded education, and strategies that address the needs of all students in the school, but particularly the needs of those students at risk of not meeting the challenging academic standards.

The school-wide plan addresses parent and family engagement by conducting outreach to all parents and family members, including:
a school and family engagement policy
a school and parent compact that addresses shared responsibility for high student academic achievement, and building capacity for involvement.

This ATSI plan meets state and ESSA requirements:

- In partnership with educational partners (including the principal and other school leaders, teachers, students, and parents) the school developed and will implement a school-level ATSI plan to improve student outcomes for each subgroup of students that was the subject of identification.
- The ATSI plan was informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable)
- The ATSI plan includes evidence-based interventions.

Additionally, the ATSI plan identified resource inequities, which included a review of LEA- and school-level budgeting, which is addressed through implementation of its ATSI plan.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Woodland High School's Site Council meets at least 5 times per year, and reviews the school's data, the progress made on goals within the School Plan for Student Achievement (SPSA), as well as participates in the needs assessment process, and develops and approves the annual School Plan.

Formal needs assessments were conducted with multiple stakeholder groups at Woodland High School including ELAC (English Learner Advisory Committee), School Site Council, staff, and with the Youth Advisory Committee. Each meeting included an in-depth review of the most recent California School Dashboard data for Woodland High School students' academic performance, attendance, reclassification rate, and suspension rate. Additionally, informal needs assessments occurred on a frequent basis through conversations with administration, parents, staff and students.

STUDENT INPUT

Student input was gathered through a Student Advisory Committee created survey, of which 521 students responded. The 12 member Student Advisory Committee (SAC) has a balanced representation of student groups. The SAC completed a needs assessment by reviewing survey, academic, and local data and identified "Instructional Strategies" as an area of concern. As a follow up, the SAC met again in February 2023, reviewed the School Plan for Student Achievement (SPSA) and provided feedback on the strategies chosen for implementation. The student advisory committee agreed with the addition of three sections of Credit Recovery to the SPSA and reiterated the need for teachers to have access to high quality professional development to implement the positive instructional strategies identified in the student survey. These were incorporated into the SPSA.

Needs assessment meetings were also held with ELAC on February 27, 2023 and with School Site Council on February 27, 2023.

As a result of all Needs Assessment Activities, no major changes to the SPSA with the exception of one additional section of Credit Recovery added under Goal 2.

ELAC reviewed and approved the SPSA on April 24, 2023. School site council reviewed and approved the plan on May 8, 2023.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Examining resource inequities includes reviewing funding, facilities, as well as teacher experience levels and credentialing. Woodland High reviewed staffing and funding and determined that resource inequities are not impacting the results.

Grade 10	351	340	300
Grade 11	322	315	307
Grade 12	285	295	284
Total Enrollment	1,309	1,256	1,188

Conclusions based on this data:

1. The percentage of students identifying as Latino/ Hispanic at 73.57%- is down slightly from percent from last year.
2. Enrollment over the last three years shows a decline. Significant drop in 21-22 school year, which continued in 22-23.
3. WHS continues to have a diverse population with no major fluctuations in any student group.

Fluent English Proficient (FEP)	628	584	529	48.00%	46.5%	44.5%
Reclassified Fluent English Proficient (RFEP)	18			14.9%		

Conclusions based on this data:

1. The percent of English Language Learners has steadily declined for a couple of years to approximately 9 percent, back up to 10% last year.
2. The number of Fluent English Proficient (FEP) students is declining slowly, indicating a need to focus on reclassification.

Conclusions based on this data:

1. Overall performance on the ELPAC improved. More students scored at the 3 and 4 level, indicating an improvement in language acquisition. This is likely due to an increased focus on providing tutors and intervention for English Learners.
2. Students classified as 4s and 3s increased and decreased in 2s and 1s in overall language. Roughly 15% of students are a level 1, 35% level 2, 28% level 3 and 12% level 4.
3. Area of greatest need is in listening, with the lowest percentage of students scoring "Well Developed" (2 %).

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

1. In 2021-2022 the percentage of English Learners increased to 10%.
2. In 2021-2022 there were roughly 72.9% of students identified as socioeconomically disadvantaged- rate has increased.
3. Hispanic students remain the largest total percentage of WHS's population at 73.8%.

School and Student Performance Data

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Low	Graduation Rate Very High	Suspension Rate High
Mathematics Very Low		
English Learner Progress Low		
College/Career Not Reported in 2022		

Conclusions based on this data:

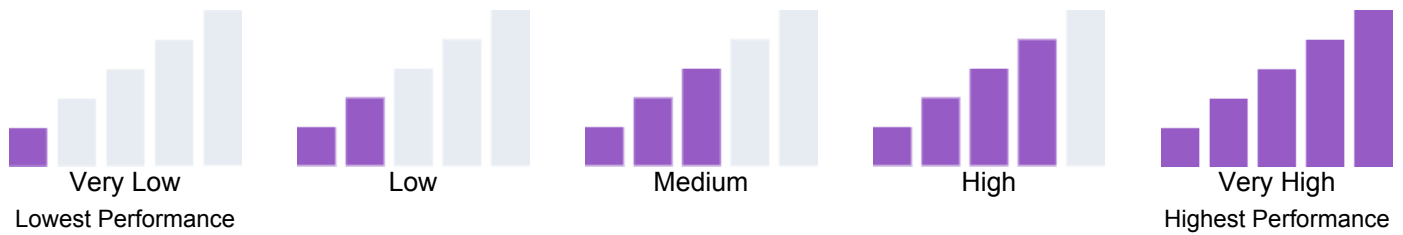

1. Graduation Rate is strong and indicators show it is very high. Strong student centered vision and consistent administrative leadership over last two years have contributed in upward movement. College/Career indicators were high in previous years but were not reported in 2022.
2. ELA Performance, English Learner Progress, and Mathematics proficiency rates remain the greatest area of need site wide.
3. Suspension rate has seen an increase from previous years.

2022 Fall Dashboard English Language Arts Performance by Race/Ethnicity

This section provides additional information on distance from standard for current English learners, prior or Reclassified English learners, and English Only students in English Language Arts.

2022 Fall Dashboard English Language Arts Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
192.8 points below standard	121.7 points below standard	26.7 points below standard
13 Students	24 Students	120 Students

Conclusions based on this data:

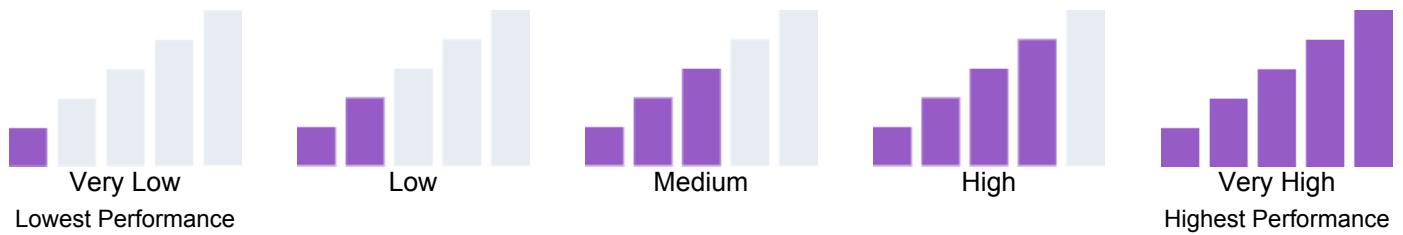

- Overall performance in ELA is low with some student groups decreasing (English Learners and Students with Disabilities are very low suggesting a need to focus on support for these groups).
- Students as a whole are all low on the most recent indicators.
- While overall performance, six groups are points below the standard ranging from 19 points below standard (Hispanic students) to 156.5 points below standard (Students with Disabilities). Additional supports and restructuring of RSP in progress to address special education needs.

2022 Fall Dashboard Mathematics Data Comparisons for English Learners

Current English Learner	Reclassified English Learners	English Only
208.7 points below standard 13 Students	185.0 points below standard 24 Students	116.3 points below standard 120 Students

Conclusions based on this data:

1. Overall performance is very low at 116.3 points below standard.
2. The only student group outperforming overall performance is white students, at 86.3 points below standard.
3. The largest performance gap for student groups are the students with disabilities, at 205.7 points below standard, and English learners, at 191.9 points below standard, indicating a need to focus on improving first instruction for these groups.

10.0%	28.9%	1.1%	60.0%

Conclusions based on this data:

- Over 61% of students are making progress toward English language proficiency.
- 28.9% of students are maintaining but not progressing while about 10% are decreasing performance.
- Decreased performance of English Learners indicates a need to focus on designated and integrated ELD supports.

College/Career data provides information on whether high school students are prepared for success after graduation based on measures like graduation rate, performance on state tests, and college credit courses. College/Career data was not reported in 2022.

Conclusions based on this data:

1. Graduation rate remains high in 2021-'22.
2. A-G completion is below 50 percent at 40.5 percent in 2021-2022.
3. 17% of student population enrolled in completer courses in our CTE pathways.

2022 Fall Dashboard Suspension Rate by Race/Ethnicity

Conclusions based on this data:

1. Suspension rate increased in the 2022 school year for all groups from less than 1% to 9.7%.
2. Two groups increased more than others (English Learners and Students with Disabilities).
3. Hispanic students and those that identify as two or more races have the highest suspension percentage.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Each student will meet the skills and competencies of the graduate profile in order to be college and career ready through a rigorous, intellectually rich, and culturally relevant environment.

Goal 1

Each student will meet the skills and competencies of the graduate profile in order to be college and career ready through a rigorous, intellectually rich, and culturally relevant environment.

Identified Need

Increase the amount of students that are "College and Career Ready". WHS A-G completion rate has dropped significantly to 36% due to the number of students repeating Math classes and not completing Math 3 and low enrollment in Visual/Performing Arts. While WHS has a strong number of CTE pathways, a very small percentage are completers. Increase the number of students enrolling in CTE courses and capstone courses. Compared to the large number of Spanish speaking students WHS has a low number of Seal of Biliteracy recipients (mainly due to SBAC/CAASPP performance). Reinforce the importance of SBAC scores with students and parents and the effects on Early Assessment Program and the Seal of Biliteracy.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Number of students who participate in VAPA (Visual and Performing Arts).	2022-2023: There were 433 students that participated in at least one Visual and Performing Arts class. 37% of total students.	Maintain high current levels of VAPA participation.
Percentage of students completing UC/CSU a-g course requirements (high school only).	2022-2023: 36% of students currently meet the requirements for UC/CSU A-G course requirements.	Increase UC/CSU a-g course completion to 42%.
Number and Percent of students that complete a CTE (Career Technical Education) pathway (high school only).	2022-2023: 756 (64%) students enrolled in a CTE course. 246 (21%) students are enrolled in a completer course.	Increase the number of students taking CTE and enrolled in a completer course by 5%.
Number of State Seals of Biliteracy awarded to students (high school only).	2022-2023: 52 students were eligible for the Seal of Biliteracy.	Increase the number of students eligible for the Seal of Biliteracy by 5%.
Number of students receiving college credit through dual enrollment, concurrent enrollment and articulated classes (high school only)	2022-2023: 8 students in one dual enrollment at WHS. There were 29 students concurrently enrolled at WCC 1st semester and 31 students currently	Increase the number of dual enrollment course offerings. Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Strategy/Activity

Strategy: Provide programs and supports to increase achievement, increase College/Career "prepared" status, and advance A-G eligibility on the CA dashboard, and participation of subgroups.

Activities:

- AVID (Advancement Via Individual Determination) program supports: College Field trips for AVID students, subs to cover classrooms during field trips/PD, provide a coordinator stipend, professional development for AVID elective teachers, hiring of AVID tutors to support student development, celebration expenses for AVID senior night.
- VAPA Supports: Increased parent presentations/informational nights to recruit subgroup participation, presentations in ELD classes,
- Field trips to support opportunities for subgroup participation and enrichment.
- CTE supplemental materials: Supplemental instruction materials for CTE courses.
- AP (Advanced Placement) subsidies: Support increased student participation in taking AP exams through scholarships. Including students needing to pass language exam for Seal of Biliteracy.
- Puente program supports: College Field Trips for Puente students, subs to cover staff classrooms during field trip supervision, supplemental instructional materials, celebration expenses for Puente senior night.
- Math Department Supports: After school intervention, collaboration time for departments to review data and set goals, collaboration time for planning co-teaching with special education teachers.

Proposed Expenditures for this Strategy/Activity

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

AVID Support was executed to plan. AVID tutors were hired to provide direct support to students. VAPA, CTE, Puente all accessed funding to purchase the planned for supplies and supports. Advanced Placement (AP) Subsidies used in full to support socio-economically disadvantaged students and encourage the number of students participating in AP courses.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Funds allocated for field trips (including classroom subs) were utilized (AVID, VAPA, and Puente all attended field trips). Math department implemented a Math 1 Bridge program second semester to try and remediate first semester grades and support second semester student learning.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

To achieve an increase in A-G completion, Increase student participation in capstone courses to increase CTE Completer status, increase subgroup participation in VAPA, and increased Seal of Biliteracy achievement. We will reimplement the original plan and redouble our efforts with Math Department support.

Goals, Strategies, & Proposed Expenditures

Each student's individual social-emotional and academic needs will be met through quality first instruction, enrichment, and intervention, in a safe and supportive environment.

Goal 2

Each student's individual social-emotional and academic needs will be met through quality first instruction, enrichment, and intervention, in a safe and supportive environment.

Identified Need

Students are below the State Average in ELA and Math proficiency. Need for increased stakeholder input on important decisions. Chronic absenteeism approaching 20 percent. Approximately two thirds of students surveyed feel safe or connected to the school. The school was identified for Additional Targeted Assistance and Support due to the underperformance of students with disabilities (SWD) and English learners (EL) in both academic areas and suspension rate. These student groups will be specifically addressed with metrics and actions.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students, with a focus on students with disabilities and English learners

Strategy/Activity

Strategy: Provide opportunities to enhance teacher content knowledge, student enrichment beyond the classroom, and create an environment conducive to growth and learning.

Activities:

- Increase Credit Recovery opportunities in the Master Schedule to help support students eligibility for graduation.
- Provide both on site and and conference Professional Development surrounding instructional strategies and use of technology to enhance instruction
- Includes support for subs, travel costs, conference registration, and release time.
- Collaboration time to put Universal Design for Learning and English Learner Roadmap strategies into practice to increase grades in our English Learners and Students with Disabilities populations to promote higher graduation rates and increase SBAC scores in ELA and Math.
- Aeries parent night(s) to support parents in understanding and navigating aeries. Ability to support students better. Will provide support in English and Spanish.
- Provide Learning Center support
- Includes funding to hire tutors to provide Academic Intervention and Support. Help with English and math support in the classroom to support both English Learners and Students with Disabilities.
- Provide Department Supplies including but not limited to consumables, furniture, and classroom materials.
- Fund Saturday School program
- Extra Duty hours to staff program to provide intervention, time to make up work, and differentiation
- Includes extra funds to support additional mid-week opportunities at key times of the school year
- Positive Behavior Intervention and Support materials.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Learning Center support, Department Supplies, and Saturday School support all executed to plan. Staff took advantage of professional development. Team of educators attending the Professional Learning Community (PLC) conference this summer to support teaching and learning.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Professional Development (PD) in person was more accessible and more opportunities were taken advantage of. COVID restrictions lessened and students were able to attend field trips that were an extension of the classroom instruction. Strong increase in frequency and teacher participation in Saturday School Intervention and an expansion to Math 1 bridge program to support students struggling in Math 1 so that A-G rates could increase.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will be recommitting to PD that focuses on instructional strategies including on use of interactive technology, increasing rigor and relevance of curriculum, increasing interactive lessons, amongst others. Additionally we will support an additional credit recovery sections to allow students to make up courses.

English Learners (ELL's)

Strategy/Activity

Strategy: Provide professional development to teachers to improve instructional strategies, academic supports to increase student achievement, and opportunities for parent involvement to improve school connectedness.

Activity:

- Learning Center support
- Includes funding of VSA (Variable Service Agreement) to provide EL's Academic Intervention through the Learning Center
- Includes support for newcomers at Saturday School/Intervention Program(s)
- Support for ELRT (English Language Resource Team) and ELS (English Learner Specialists)/ teacher collaboration to support best practices.
- Release time for teachers
- ELD (English Language Development) Teachers to meet with ELS once per quarter
- Supplies and materials for EL Specialists to provide whole staff Tier I PD
- ELS to model and collaborate with staff as well as provide PD on Tier I integrated ELD instructional strategies at one Faculty Meeting per semester to whole staff including TPS (Think Pair Share) 2.0 strategies, reciprocal teaching, and writing scaffolding
- EL specialist (ELS) to collaborate and provide PD focused on intervention and differentiation to meet students' needs by proficiency level during integrated ELD content instruction.
- ELAC (English Learner Advisory Committee) support
- Including supplies to incentivize increased parent participation
- PD Support
- Supplemental materials

- Including materials and texts in primary language as bridge to learning of new language
- Parent Seminars for Non-English speaking families
- Includes, college application process, info nights, FAFSA, (Free Application for Federal Student Aid) etc.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Through focused SPSA goals and support, EL Specialists and teachers were better able to support students. The ELS took advantage of the collaborative time and implemented more regular parent seminars (four throughout the year).

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

All activities went to plan except the parent seminars. Very low attendance at ELAC meetings even though multiple options were offered for attendance, including in-person and zoom.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Coordination between the LRC (Learning Center) and the Saturday School program led to dedicated EL support person being available for Saturday Intervention support programs. Also led to more support in the classrooms with high proportion of EL students.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Provide meaningful engagement and leadership opportunities for youth to directly and significantly shape each student's education and school community

Goal 4

Provide meaningful engagement and leadership opportunities for youth to directly and significantly shape each student's education and school community

Identified Need

Review of student survey data, student focus groups, and Student Advisory Council indicate a need for youth input in decision making as well as adding student recognition programs.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Number of partnerships with the community and other programs that provide students with opportunities to get engaged	2022-2023: 46 partnerships for students to engage in Community Service and leadership opportunities and 35 local partners offering student scholarships.	Maintain current number of partnerships at above 46. Add additional community scholarships for students.
Number of extracurricular and co-curricular programs offered	2022-2023: We currently have 21 sports programs as well as 19 extracurricular clubs.	Maintain current sports offerings of 21 sports programs as well as at least 19 extracurricular clubs. Work towards establishing new CIF sponsored sport (Girls Flag Football).
Number and percent of students providing input to the SPSA (School Plan for Student Achievement) through surveys	2022-2023- 521 responses to internal "Needs Assessment Survey" (Approximately 41% of school population)	Increase student participation on "Needs Assessment" Survey to at least 50% of population.
Number and percent of students by representative demographic providing input to the SPSA through focus groups	2022-2023: 24 students (4 EL (16%), 4 Low Income (16%), 4 Low Performing (16%), 4 SPED (16%), 8 Demographically representative of WHS Population (32%) in focus groups. 3 student School Site Council members.	Maintain current Youth Advisory Council process and membership of 24 students (4 EL (16%), 4 Low Income (16%), 4 Low Performing (16%), 4 SPED (16%), 8 Demographically representative of WHS Population (32%) in focus groups. 3 student School Site Council members.

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	Regular meetings with the Youth Advisory Council at WHS. Student representation during School Site Council meetings.	Establish student senate with bi-weekly access to ASB so all students can voice concerns or ideas for student activities/leadership opportunities.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Both community partnerships and extracurricular activities were maintained from previous years. With the easing of COVID restrictions, meeting in person allowed for more student involvement at higher interest in the Student Advisory Council. Partnerships with teachers and the use of Canvas and Parent Square facilitated an approximately a 300 student increase in participation in the student Needs Assessment Survey.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No major differences from plan to implementation.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Next year we will have increased participation in the Student Advisory Committee. Will also incorporate a student senate time so more students can have a voice in leadership opportunities on campus. Will be organizing a greater synergy between student advisory committee, ASB, Site Council, and School Board representations

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 4 Classroom Teachers
- 1 Other School Staff
- 3 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Gerald Salcido	Principal
Erik Wilson	Parent or Community Member
Casey Raubach	Parent or Community Member
Chris Whitehead	Parent or Community Member
Iris Ramirez	Secondary Student
Kylie Mills	Secondary Student
Metzy Solorio	Secondary Student
Yessica Gonzalez	Other School Staff
Jennifer Drewek	Classroom Teacher
Eric Dyer	Classroom Teacher
VACANT	Classroom Teacher
Anne Mapalo	Classroom Teacher

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/8/2023.
