Ms.Barichievich asks what is the plan for hybrid learning. Milisci says that each checkpoint is minimized with the amount of people allowed back. If students show a temperature of 100.4 or higher you identify them with covid symptoms, and ask them to go back home. All students' temperatures are taken. QR codes, and google forms could be available for students to fill out beforehand in the future. Once checked they will be directed to class. Ms.Reese states that zero period students would have already been checked before 8am. This plan has been revised, and finalized 1/14, and has been made up of many ideas where their main priority is that both students and staff are safe. Mr.Milisci states that with hybrids there is a probability of 16-18 kids in a classroom. Barichevich asked what will happen if kids refuse to wear a mask. Ms.Reese said that no student has been recognized with a condition that makes them not wear a mask, so if a student refuses to wear a mask it is a discipline matter that will result in the student being immediately removed from class. Ms.Reese moves to approve the plan, and Mr.Milisci seconds that. Approved.</p> <p>Student Voice- Ms.Reese explains that she wants to amplify student voices where they can let the council know what specific groups of</p>

			<p>students may need. Fernanda talks about a program that could help current juniors with the college process. Nolan talks about needing more scholarship help. Fernanda talks about having certain staff members where teachers can review student essays.</p> <p>LCAP Update- same goals as previous year, with the exception of one goal that talks about amplifying student voices.</p> <p>Data Review- Same data as last meeting but quarter 2 has now been added. More D's and F's have increased in the most recent quarter. Students who had F's in the first quarter, and in the most recent quarter have shown that they are increasing in F's. Ms. Baca asked about districts providing hotspots, and the District has not made a decision on it yet.</p> <p>Ms. Nielsen asks about any credit recoveries, and Ms. Reese says that Cache creek is a choice as well as cyber high expansion will be an idea, but no exact plan on lowering graduating requirements.</p> <p>Next meeting will have a WASC update.</p>
9. Adjournment (1 min.)		Chair
