Students give some feedback on what they personally need, on more breaks, and mental health support. Teachers talk about needing mental health assistance from professionals, because with the current situation, students have been through a lot mentally that they will need help to get through. Students advocate for more breaks between class times, videos that can help people relax, and check-in forms to determine which students are the ones that need help. Teachers advocate for help with English language learners, and emotional help for those students that will not be able to come back to in-person school, but would like to. Summer Pearson talks about help being offered for freshmen who will be brand new to the school, and we were informed that LINK will be helping with that. Site plan will be written out by Ms.Reese, and then reviewed by the Site Council.</p>
