<p>5. Reports of Officers/Committees (10 min.)</p>		<p>Chair</p>	
<p>6. Public Comment (5 min.)</p>	<p>*Not Applicable</p>	<p>Chair</p>	<p>Bassett - STEM might not be accurate going forward because faculty that was here and was trained are no longer here so more funding will be needed to do additional training. Focusing on math more because it is in every grade level's curriculum. Do a family night before school starts so that families could meet teachers before the first day of school. Lujan - 3 teachers received the full Foss training that was 2 days long, but there is a lot more training that might need to happen to take advantage of the STEM material. Art supplies! Art materials. Courtney McRae - Math / Science / Reading night to get families back on campus and have more interactions with their teachers. That will get kids excited again. Lindy Verdugo - Due to Covid it's hard to keep your kids in school because all symptoms can be considered covid related.</p>
