Chromebook distribution to begin the week of April 7, 2020

The Woodland Joint Unified School District will begin providing distance learning to all students on April 20, 2020.

We are making Chromebook devices available that will allow students to log in to Google Classroom, receive teacher instruction, and assignments. The Chromebooks that you check out will require Internet connectivity to work. If you have a laptop or desktop in your home for each of your students that is capable of internet access via a modern web-browser, you are welcome to use your own device if you wish.

We will be checking out Chromebooks to families of students in grades TK-4. *Students in grades 5 and 6 who left their Chromebook at school will be able to pick up a Chromebook at their school during the TK-4 Chromebook distribution time.* Chromebooks will be available for secondary students who had not previously checked out a Chromebook. Chromebooks will be checked out at your child's school. Along with picking up a device, you will receive an information packet about the device.

 When you arrive to pick up a device, please have the following information with you:

- Your child's Student ID number if you know it (elementary school)
- Student ID card (for high school and middle school)
- For parents/guardians, please bring an ID or driver's license (a phone or utility bill may be accepted if the name and address on the bill matches a student's parent/guardian of record).

INTERNET CONNECTIVITY

If your child is in grades TK-4 and you do not have Internet access in your home **AND** your children **qualify for free and reduced school lunch,** you can complete the request form when checking out the Chromebook. We are working to acquire hotspots but because of the demand for hotspots during the pandemic, they are not yet available. These hotspots will only work with WJUSD Chromebook. Dates will be scheduled to pick up the hotspots once they are available.

If you have an older student with a district hotspot for accessing the Internet, this hotspot will need to be traded for a hotspot that can be used with all of the students in your home. Please bring the hotspot(s) with you when you come to pick up a hotspot for your TK-4th grade child.

TECHNOLOGY SUPPORT

If you need Technology Helpdesk assistance, you can call (530)-723-6181 or complete this form https://bit.ly/2UngV2N.

TIMES & DATES for Checking Out a Chromebook

Important Notice: To comply with County and State guidelines, we will use a drive-thru style checkout system based on the first letter of your child's last name.

Dingle Elementary School: Tuesday, April 7, 2020

Date	Grades	Last Name Start	Time
